Wedding

Cunningham—Sinclair

On Thursday, February 24th. at the parsonage of the Central United, Calgary, the marriage was solemnized of Margaret Sinclair to Albert Percival Cunningham, the ceremony being performed by Rev. Mr. Avison.

Bagshaw—Byrt

The marriage took place on Monday, at Calgary, of Miss Given Byrt, eldest daughter of Mrs. Frank Byrt of Elkton, to Mr. Jack Bagshaw, of Westcott. The happy couple returned yesterday to the home of the bride's parents, at Elkton, and after a brief stay there, will take up their residence on their farm at Westcott, where a new house is now being erected for their reception.

KRUEGER—WEBSTER

A quiet but pretty Wedding took place on Wednesday, February 23rd, 1927, at the Grace Presbyterian Church, Calgary. When Lois Helen youngest daughter of Mr. and Mrs. E. Webster of Didsbury, became the bride of Mr. John Krueger, eldest son of Mr. and Mrs. Otto Krueger of Didsbury. The Rev. Graham officiated. The happy couple are spending their honeymoon at the coast, upon their return will reside at the grooms farm west of Didsbury.

RETURN OF FAVORITE COMPANY IN NEW COMEDY

With the memory still fresh in their minds of the delightful and high-class entertainment provided by Miss Verna Felton and her company a few days ago when they presented "So this is London" in truly metropolitan style, our theatre goers should welcome the company back in no uncertain manner when they appear at the Opera House here, Saturday of this week in their latest success—the hilarious comedy, by Anita Loos—"The Whole Town's Talking."

It is not too much to say that in a more enjoyable performance than that given by the company when last here would be hard to imagine, and for that reason, and to encourage the coming of other companies of the same high calibre, it seems only right that our play goers should show their appreciation in an unmistakable manner when such an opportunity as this presents itself.

"The whole town's talking" is said to be one of the funniest comedies now before the public—so another night of jollity seems to be on the cards at the Opera House, as the plot is unfolded with the many complications, surprises, and funny situations with which it abounds.

MRS. JAMES SIDDON

The many friends of Mrs. James Siddon, received a sad shock when it became known that she had passed away in the Didsbury Hospital on January 28th.

The deceased was born in Prince Edward Island, where she received her education and graduated from the Prince of Wales College. Later she came to Alberta, where by her sterling qualities and true christian character she has endeared herself to many friends.

Mrs. Siddon is survived by her husband and seven children, also her father and a number of brothers and sisters.

The remains were sent to Olds on Sunday, January 30th, and funeral services were conducted by Rev. Father Sullivan. Interment took place in the Olds cemetery.

John Hewins, veterinary surgeon has located at the Rosebud Hotel, Didsbury. All calls promptly attended to.—Advrt.

RELIABILITY

Why gamble on some new style of motor when you can buy a FORD with practically the same motor that has been proven for the last 18 years, and always given the maximum satisfaction. If you buy some other make of car and are not satisfied you will have to buy a higher priced one to get what you think you want, and before you know it you are driving a car that you cannot afford to run. There is no car on the market today with the dollar for dollar value of the

RELIABLE FORD CAR.

Flag Made of Feathers

Made completely of feathers or birds of paradise, an enormous Italian flag has been received by Signor Mussolini from a missionary who left Rome three years ago for British New Guinea. At the time the missionary went away Mussolini made him a present of a bicycle, a saddle, and an Italian flag.

"CASCARETS" FOR COSTIVE BOWELS, HEADACHE, COLDS

To-night! Clean your bowels
and stop headache, colds,
sour stomach

Get a 10-cent box now.

Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and bad colds—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels, or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret tonight straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.

A huge snake known as a sucuri, 24 feet long and weighing 352 pounds was captured recently in Central Brazil. This snake is said to eat but four times a year.

Babies Cry For "Castoria"

Prepared Especially for Infants
and Children of All Ages

Mother! Fletcher's Castoria has been in use for over 30 years as a pleasant, harmless substitute for Castor Oil, Paregoric, Teething Drops and Soothing Syrups. Contains no narcotics. Proven directions are on each package. Physicians everywhere recommend it.

The genuine bears signature of

Chas. H. Fletcher.

Warden—It is our custom to let a prisoner work at the same trade here as he did outside.

Prisoner—Yes, sir, I was a traveling salesman.

The Baby's Cold

Continual "dosing" with internal medicine upsets delicate little stomachs. Treat colds externally with Vicks.

WORLD HAPPENINGS BRIEFLY TOLD

A sum of \$1,000, lost by a party of settlers in a train near Vancouver, B.C., was recovered by a track walker and returned to the owners.

The Canadian legation unfurled its first strip of bunting Feb. 22, in honor of Washington's birthday. Its flag on this occasion will be the Union Jack.

Queen's University announce a new fellowship for the encouragement of research in Canadian history. Sir James Aikens, of Winnipeg, contributed \$5,000 toward the endowment fund, making the new fellowship possible.

Correct attire is required of street car passengers at Rio de Janeiro and the rule is rigidly enforced. Men must wear a collar and tie, and on the first class cars, a coat. A conductor recently stabbed a man who insisted on riding in violation of the collar-and-tie order.

King George has appointed Lady Maude Hoare a dame commander of the Order of the British Empire. The appointment is in recognition of her recent voyage to India which she made by air, accompanying her husband, Sir Samuel Hoare, British air minister.

SUNDAY SCHOOL LESSON

MARCH 6

SHARING THE GOOD NEWS

Golden Text: Ye shall be My witnesses.—Acts. 1:8.

Lesson: Acts 8:4-8; 2 Corinthians 5:14-20.

Devotional Reading: Isaiah 55:1-7.

Explanations and Comments

1. Sharing the Good News in Samaria, Acts 8:4-8.—Persecution followed the martyrdom of Stephen, and the disciples were forced to flee from Jerusalem—they were scattered abroad. They did not think that the responsibility of witnessing for Christ rested upon the leaders alone, and the entire rank and file went about preaching the word.

Philip, one of "The Seven," who became known as Philip the Evangelist because of the success of his ministry (Acts 21:8), went down to the city of Samaria. The Jews had no dealings with the Samaritans, but their Lord's last command (Acts 1:8) bade them witness for him in Samaria. To overcome their prejudice against the Samaritans, the followers of Jesus needed only to go to Samaria and preach to them.

If you are prejudiced against any one, do him a good deed.

The Samaritans, like the Jews, were looking for the Christ; Philip made known to them the fact that he had already come. Philip probably little realized the greatness of the movement he was inaugurating when he went down to the city of Samaria and proclaimed unto them the Christ. He found the fields white unto harvest; the people accepted his good tidings concerning the Kingdom of God and were baptized. There was great joy among them when many with unclean spirits, the palsied and the lame, were healed.

"It follows as the night the day that a church with a real personal contact with God cannot keep still about it."

Dread of Asthma makes countless thousands miserable. Night after night the attacks return and even when brief respite is given the mind is still in torment from continual anticipation. Dr. J. D. Kellogg's Asthma Remedy changes all this. Relief comes, and at once, while future attacks are ward off, leaving the afflicted one in a state of peace and happiness he once believed he could never enjoy. Inexpensive and sold almost everywhere.

To remove old wallpaper, stir a quart of flour paste into a pail of hot water, then apply this mixture to walls. Being thick, it will not dry quickly, but will saturate the paper, which may then be easily scraped or peeled off.

Protect the child from the ravages of worms by using Mother Graves' Worm Exterminator. It is a standard remedy, and years of use have enhanced its reputation.

Easily Identified

A peer was taking a stroll through the grounds when he met a little boy whom he did not recognize for a moment. Then he remembered that the boy was his chauffeur's son.

"Now, I wonder, if you know who I am?" said the peer, with a smile.

"Oh, yes," replied the boy; "you are the man who rides in my daddy's motor."

Minard's—the dependable liniment.

Announcement to RED ROSE TEA Enthusiasts

CENTURIES ago, when tea was first introduced to the English Nobility, the precious leaves—then almost priceless—were packed in sealed lead containers.

For many generations lead continued to be used as a protective package for all fine quality teas. Then the modern metal, Aluminum, was introduced. But during war-time and later, paper bags and paper boxes were largely used and have held sway ever since.

In our 30 years experience putting up Red Rose Tea we have used all these containers and each has some particular merit.

But careful tests over a long period prove that Aluminum is by far the best container that has yet been found, and paper packages of every kind the poorest. When in contact with dampness paper absorbs moisture which soon affects the quality of the tea, and in some instances completely spoils it.

Having found the paper package unreliable and uncertain, we have again adopted the Aluminum package which we used years ago. For we know now that Aluminum can be better depended upon than any other.

Unlike paper, Aluminum does not absorb moisture. It preserves all the original flavor and strength. So now and in the future Red Rose Tea will be packed in the Aluminum package, as it was in years gone by.

Establishes Home for Blind

Former Jewish Immigrant Afflicted Himself Aids Fellow Sufferers

Sheftel Needleman, stricken blind while travelling to America as an immigrant 23 years ago, is awaiting the opening on April 1 of the Home of the American Jewish Association

for the Blind, his contribution to sightless people of his race.

After being detained at Ellis Island until his father posted a bond against the possibility of his becoming a public charge, Needleman began selling papers at the age of 15. With the money saved from newspaper peddling he founded a printing company in 1912. Eleven years later he began planning construction of the home.

His stay while a boy at the Industrial Home for the Blind in Brooklyn, where he would not eat food prepared there, prompted the idea of an orthodox Jewish institution for the sightless.

Expect Cheaper Cars

Canadians are to purchase their motor cars a little cheaper as a result of the 20 per cent. reduction on sales tax rates in the Federal budget. It was computed in automobile circles that following the tax reductions the retail price of the majority of cars will shortly be reduced from about \$5 to \$15, or approximately the cost of the automobile license. The sales tax on motor cars is charged on the actual cost to the local dealer, or the duty paid value plus freight and excise tax.

The eyelids of a frog wink upward.

Minard's Liniment for rheumatism.

Old Locomotive in Museum

One of the world's oldest locomotives, long famous in England as the Hetton Colliery locomotive, has come to rest at last in a railway museum in York, after a triumphant tour of expositions. This veteran, in many respects resembling the world's first passenger engine, Locomotive No. 1, was built in 1822, rebuilt in 1857, and again in 1882.

SO SHORT OF BREATH SHE COULD HARDLY DO HER HOUSEWORK

Mrs. Nelson Moore, Milford, Ont., writes:—"I had heart and nerve trouble, and became so short of breath I could hardly do my housework, and was so nervous every little sound I heard felt like a shock to me. A friend of mine recommended

so highly I got a box of them and they did me so much good I got the second box, and now I am feeling like a different woman."

Heart and Nerve Pills are 50c. a box at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SITUATION IN CHINA ASSUMES GRAVE ASPECT

Shanghai.—White foreigners endangered as a result of anti-foreign agitation number more than 1,000 in Hankow and the neighboring city of Wuchang, headquarters of the Cantonese government.

The little foreign colony, 585 miles from the mouth of the Yangtze, is in the midst of a hostile Chinese population of more than 1,500,000, inflamed by speeches of radical leaders who have detailed alleged wrongs from which the Chinese have suffered at the hands of British and other foreigners, but more particularly the British.

Suspicion was expressed here that the Cantonese government leaders were aware of the attacks contemplated upon the British concession before they took place—the suspicion being strengthened by the slowness with which Cantonese troops went to the aid of the British when the concession was attacked. Not until rioting had been proceeding for four hours on that day did the Cantonese troops appear.

The Cantonese government has issued many declarations of its intention to abolish all foreign concessions in China and to end the asserted "imperialism" of Great Britain, United States and other foreign nations.

London.—All missionaries have been ordered to quit their stations in the interior of China, a Peking dispatch to The Daily Mail asserts.

Reports of anti-Christian risings in the Yangtze regions and Szechwan are being received daily, the correspondent adds. Missionaries have been maltreated, the women insulted and the mission stations looted.

Palace Air Ship

New Air Line Between Spain and South America to be Patented

London.—A hotel of the air, that will provide every luxury available at the finest hostilities of the world, for persons travelling between Spain and South America is now building at Friedrichshafen, according to a despatch from the Geneva correspondent of the Daily Express.

The new air monster will be a dirigible capable of carrying 100 passengers, luggage, crew and mails.

It will be finished in September and will make a number of European trips before being put into the trans-Atlantic service.

Find Interesting Documents

Attempts to Save Life of Late Czar Disclosed in Records

Leninград.—Stored away in the winter palace, telegraphic records of attempts made to save the lives of the late Czar of Russia and his family during the days preceding their murder were found by research workers today.

Three hundred messages that passed between members of the Kerensky regime, all of them relating to protection of the exiled Imperial family, were among the documents found. Coded telegrams that referred to Nicholas Lenin have not yet been deciphered.

Liquor Mystery

Victoria, B.C.—Detectives are attempting to solve, on behalf of the federal customs authorities and the provincial liquor control board, the mystery of the disappearance of a portion of the liquor cargo of the schooner Chris Moeller, which has been held in port here for nearly a month on recommendation of the customs commission which investigated conditions on the British Columbia coast last month, according to a story published by the Victoria Times.

Was Pirate on Great Lakes

Minneapolis.—Captain David H. Ross, pirate and first mate of the only corsair that ever ravaged the Great Lakes, who 2 years ago fled from Detroit, with a price on his head, is dead at his home here.

Killed in Avalanche

Moscow.—An avalanche in the Khakassky district of Siberia has killed 22 miners. The great mass of snow and ice completely engulfed a number of miners' barracks.

W. N. U. 1663

Will Make Survey Before Choosing Port

Harbor Expert to Examine Both Outlets for Bay Line

Ottawa.—With five and a half million cubic yards of material to move from the channel in Nelson Harbor, with an unknown sea bottom and a general lack of knowledge about Churchill, Frederick Palmer, the British expert called in by the government to advise on the Hudson's Bay Railway project, is not expected to make a report on the matter until he has made a personal survey. Mr. Palmer has left for England, but will return in July when the Hudson's Bay Harbor is more accessible and will then go North to conduct his investigation.

Mr. Palmer has made a brief but thorough study of the reports and documentary evidence on the project. Officials of the railway department have been queried in a way they have never been questioned before. Mr. Palmer wanted facts, and he sought them, knowing by his long experience what facts he wanted. Railway department men declare he knew his job and has a thorough-going manner of making his inquiries.

The fact that Mr. Palmer cannot make his report before next fall at the earliest will not delay his work, it is said. There is much to be done on the railway section already constructed, much rehabilitation of the road to be effected. The Government intends to carry the project to its logical conclusion, but will not be stampeded in rushing the work; only to find that it has taken the wrong route, built the port in the wrong place, made the wrong provisions for the ships that will come. It will be sure it is right, then go ahead.

Radio Telephone Service Is Ready

Callers Over Atlantic 'Phone Uses Mechanism Worth Millions

London.—Proof positive that everything is in readiness for the opening of trans-oceanic telephonic service between London and New York, was provided by the announcement that already the London telephone operators who will be employed to make the connections between London and New York have thoroughly familiarized themselves with the names of all New York telephone exchanges.

Mr. Shaughnessy, the Assistant Engineer-in-Chief at the General Post Office, who is in charge of British wireless services, has had several conversations with New York, all of which were eminently satisfactory. The voices at the other end, he said, "were as clear as a bell." In fact, according to him those talking from New York across the ocean to London might have been in the next room instead of 3,000 miles away.

Mr. Shaughnessy called attention to the fact that since only one trans-Atlantic telephone conversation can go on at one time (this means that each person speaking will be using exclusively for himself or herself something like \$5,000,000 worth of complicated telephone mechanism and equipment).

Wheat Pool Official Weds

Regina, Sask.—Archibald J. MacPhail, president of the Saskatchewan Wheat Pool and the inter-provincial selling agency for the western Canadian wheat pools, and Miss Marion Grenfell Baird, Regina, were married recently at Springfield, Mass. Mrs. MacPhail was secretary to Mr. MacPhail, when he was holding the position of secretary-treasurer of the Saskatchewan Grain Growers' association.

To Meet at Winnipeg

Winnipeg.—The British Medical Association will hold its 1930 convention in Winnipeg, according to official notification received here. Selection of the Manitoba capital for this important gathering marks the third time that the organization has held its convention outside of the British Isles.

On Funds for Half Century

London.—The Commercial Travelers' Benevolent Institution has just received news of the death of one of its annuitants. This woman was on the funds for half a century. Her late husband had subscribed \$16 in 1876. She benefited from the institution to the extent of about \$7,000.

OPPOSITION OF U. S. PRESIDENT TO LARGER NAVY

Washington.—President Coolidge has sought to spike the guns of "big navy" men in the House with a warning that budget estimates for the department for the next fiscal year must not be over-stepped.

Intervening at a time when sentiment in the House favorable to the construction, was growing, the President, in a letter to Representative French, Republican, Idaho, in charge of the naval supply bill, declared the budget "represents my best judgment and that I feel it my duty to defend it and support it."

Accepting the warning as a challenge, Representative Britten, Republican, Illinois, a member of the naval committee and an advocate of a larger navy, told the House that "when the President is wrong I refuse to follow him, and he is wrong in this instance."

Several sections of the measure, among them those to maintain the navy's personnel at its present strength, were approved recently, but under agreement the more controversial provisions, including those relating to cruisers, were held over.

Uniformity of Butter Grading

Dairymen Meet at Saskatoon to Discuss Question

Saskatoon.—Improvement of the quality of butterfat for the British market to meet competition, not only from the British Dominions, but also from the butter exporting countries of Europe, such as Denmark, Holland and Latvia, was the subject of the discussion at the conference of creamery operators and government officials here.

Discussion centred around efforts to secure uniformity of cream and butter grading. Definite action in connection with any changes was deferred until the meeting of the Western Canada Dairy convention at Edmonton on February 9, 10, 11 and 12, when producers and manufacturers of the four western provinces will meet. Delegates from Manitoba, Alberta and Saskatchewan were present at the meeting.

Taking Census of Russia

Soviet Officials Report 145,000,000 But Returns are Incomplete

Riga, Latvia.—Russia's population at present numbers 145,000,000, according to incomplete returns which Comissar Ossinsky has received from 100,000 soviet officials who are trying to gather complete statistical facts regarding the inhabitants of the Union of Soviet Republics.

Reports to date, M. Ossinsky says, show illiteracy is increasing in Russia instead of decreasing, and the census takers say the population regards them as agents of the devil, working against Christ, whom they believe is preparing to end the world.

Testing Out Oil Fields

Edmonton.—Twelve oil companies are either drilling or have sites located in the Ribstone district, near the border of Alberta and Saskatchewan. The present year will see this oil field thoroughly tested.

Heavy Hail Losses Paid

Saskatchewan Farmers Receive \$1,259,000 in Insurance During Past Year

Regina.—Payment of hail losses during 1926 to 5,200 farmers in Saskatchewan by the Saskatchewan Municipal Hail Insurance Association amounted to \$1,259,000, states J. J. Lamb, secretary manager.

The total payment for hail losses for the whole of 1926 will be compiled at the end of the fiscal year, January 31, 1927, and submitted to the annual meeting of the directors January 12 in the association's office in Regina. The annual convention will be held March 1, in Prince Albert, and the agenda for the convention will be drawn up at the meeting of the directors.

The three retiring directors of the association are: J. J. Lamb, Regina; R. E. Van Fossen, Luseland; and J. R. Near, Pinkham.

Despite the doubling of the figures of 1926 in comparison with claims and payments during 1925, Mr. Lamb stated, the reserve fund of the association would not be impaired in any way. He stated that while the amount was unknown yet an addition to the reserve fund would be made.

It is expected the total payment on hail losses during 1926 will amount to approximately \$1,275,000. There are still 20 claims pending and ownership of the policies and to whom payment should be made must be decided before cheques are issued in payment. All this work is likely to be completed before January 31.

French Plans For Atlantic Flight Fail

Funds Needed and Completed Planes Unsatisfactory in Tests

Paris.—France is losing ground in preparations for the Paris-New York non-stop flight due to the financial difficulties facing some of the builders and the little success of certain models tested by others.

The Giant Penhoet hydroplane built at St. Nazaire and tried throughout the summer, has been found too slow to make the Atlantic crossing because of excessive weight. The de Monge single-wing flying cabin which Bousoutrot hoped to use next summer was never completed due to the builder's failure to obtain funds.

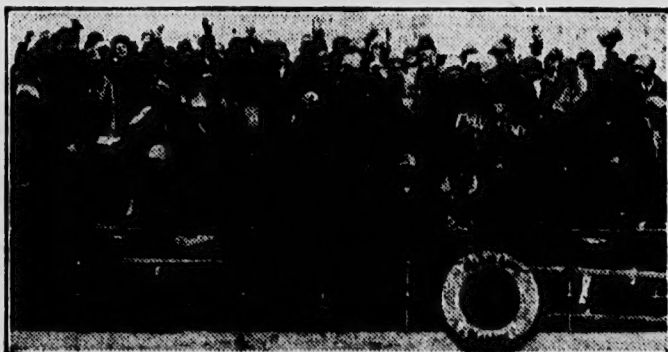

It is now reported that the company which was building an aeroplane for Tarascon has failed and the constructors are looking around for money to complete a trans-Atlantic plane and to continue to manufacture other planes. This company holds the world's speed record of 488 kilometers an hour.

Whatever may be the result of the campaign, it now appears that the French prospects of winning the Paris-New York prize for 1927 are very slim, although there seems no immediate danger of another country beating them.

Will Visit Canada

London.—Premier J. G. Coates of New Zealand, who came here for the Imperial Conference, was a passenger on the Aquitania sailing Jan. 4 for New York. Later he will go to Montreal and thence to Vancouver.

He expects to reach New Zealand in time to welcome the Duke and Duchess of York, who have left for their trip to the Antipodes on H.M.S. Renown.

Scottish Lassies for Canadian Homes

This cheery group of young women is only a part of the large number of domestics that have been brought to Canada this year by the Salvation Army. The Canadian Pacific Liner "Montclare" carried this happy party across the water recently. They are now located at various centres across the country and many will doubtless find permanent homes here, not as hired help but as wives of some Canadian young men. Some of these young women came from Aberdeen, Edinburgh and Ayr, but the majority of them are from Glasgow and district. The Salvation Army have sent 600 girls to Canada this year in accordance with an agreement with the Canadian Government.

MANY APPLY FOR CHANGES IN CUSTOMS TARIFF

Ottawa.—Applications for changes in the customs tariff continue to accumulate in the office of the tariff advisory board.

The number of investigations now under way is forty, an increase of four in the last few weeks. The board will meet on January 18 to continue several of these, and further sessions are expected to take place before the close of the month. There is increasing evidence that organizations of business men and others are taking keen interest in the work of the board and are preparing to use the facilities it offers to get their point of view before those whose responsibility it is to decide on questions of tariff policy.

Word has been received that the Canadian Council of Agriculture is submitting a memorandum on the application for an increase in duty on corn and cane syrups. The council, also, intervened in the application for increase in duties on fruits and vegetables.

Of the forty applications now before the board one-half are for tariff increases and the other for decreases. The applications cover a wide range of commodities.

There are six cases relating to textiles, which are of vital interest to manufacturers and importers of garments and gabardines, cottons, woolen goods, and similar goods; four of the applications relate to machinery of various kinds such as pumps and pump parts, water wheel governors, small hand sprayers, electric and power plants and so forth; three applications refer to the iron and steel industry; three to chemicals, two to wood products; two to food products; two to the pulp and paper industry; and two to ropes and twines; while there are other problems referred to the board respecting coal and coke, magazines, oil, player piano music rolls, furniture, objects of art, tin, livestock and leather products.

Liabilities Are Smaller

But Commercial Failures in Canada Show Slight Increase

Toronto.—A small increase in the number of commercial failures, but a considerable decrease in liabilities, is shown by the report of failures for 1926, completed by R. G. Dun and Company.

With a total of 21,773, last year's defaults exceed by a little more than 2 per cent those for 1925, whereas an indebtedness estimated at \$409,232,273 for the 12 months just ended is nearly 8 per cent below the amount for the immediately preceding year. The number of insolvencies is the largest reported for any year since 1922, but the liabilities are the smallest for all years back to 1920.

Presentation to Lt.-Gov. Cockshutt

Toronto.—Lieutenant-Governor Harry Cockshutt, of Ontario, at government house was the recipient of a valuable piece of gold plate, the gift of a number of Toronto's prominent citizens. Sir William Mulock, chief justice of Ontario, made the presentation and referred in a brief address to the high esteem in which his honor was held by the citizens of Toronto generally.

Guard Valuable Paintings

London.—Strong police forces are patrolling the galleries of the Royal Academy day and night protecting Flemish masterpieces valued at £10,000,000 (about \$50,000,000) which have been collected from all parts of the world for a temporary exhibition. Never has the famous academy housed anything so precious.

Saskatchewan Liquor Board

Regina.—Increasing the membership of the Saskatchewan liquor board from one to two, the Saskatchewan government will seek legislative sanction for amending the Liquor act to provide for the administration being under the direction of the board instead of the executive council.

Girl Inherits \$3 Millions

Somerville, N.J.—Fifteen-year-old Doris Duke, probably the richest girl of her age in the world, is worth \$3,451,069, it is shown in an accounting of her father, James Buchanan Duke, tobacco magnate.

Strange, Romantic Love Adventures of the Happier you know

Joanna

by H. L. GATES

Copyright 1925 by H. L. GATES

Published by arrangement with First National Pictures, Inc.

CHAPTER XXVIII.—Continued

"No, you won't!" Joanna agreed. "Neither shall I. Teddy would rather have his final answer from me, than delivered through his sister, I know. And, I fancy, he'll know quite well what a Dorminster wants—and needs. Perhaps he'll get it. Perhaps not. Shall we walk through the grounds? I think you said you'd like to see something of the preparation I'm making. While we are about it I hope you'll choose the place for your seats in my pavilion theatre. I'm staging a little play there that I know you'll love."

They spent an hour on the grounds. It was as if they had forgotten their time at the tea table. Lady Betty was ecstatic again, and enthused anew at each foretaste of the enfeite thrills prophesied by each preparation made by the workmen on the Amette lawns. At the pillared pavilion she was sympathetic with the mystery Joanna spread about the plans which were to have their climax there.

"I shall have Teddy sit close to me to protect me from whatever devilry this pagan temple shall unfold," she threatened. "I shall want him to be very close to you," Joanna agreed. And Lady Betty looked at her quickly. There was something unwonted in the voice of the Golden Girl.

CHAPTER XXIX

Memories Again

If the visit of Lady Weymouth left its impress upon Joanna, only Roddy Kenilworth and Teddy Dorminster sensed it. Neither of them knew of the appeal to the Golden Girl by the sister of one of them, but both, in their separate regard of her, were conscious of a subtle but insistent change in her.

John might have realized it, too.

Pains Across Kidneys For Two Years Unable to Work

"Gin Pills—Wonderful Remedy"

We receive thousands of letters yearly from grateful users of Gin Pills, who have been relieved of suffering from kidney and bladder trouble. When Nature fails to do her proper work of eliminating harmful waste through the kidneys, bladder and bowels, a remedy must be found. Many people have found Gin Pills to be this remedy. Among them, James Johnson of Bridgeburg, Ont. He writes:

"I was troubled with pains across the kidneys for two years. I was unable to do any work. I read about Gin Pills and got a box right away from my druggist. My sincere thanks are due you for your wonderful remedy, which has done so much for me."

Neglect of kidney trouble spells disaster. Lumbago, Rheumatism and Sciatica as well as bladder and urinary troubles follow. Upon the first warning get a box of Gin Pills, 50c at all druggists. National Drug & Chemical Co. of Canada, Limited, Toronto, Canada.

W. N. U. 1670

glints of the sun and mingled them with filmy, iridescent veil over the whole Mediterranean shore.

"It means something, that tint in the atmosphere," Joanna observed. "One of the Monegasques who live here the year round probably would make a prediction of some sort. Every one of them is a weather expert."

They would have spoken of the haze in the air to one of the natives but in their absorption of the imposing details of the reshaping of the Amette grounds, they forgot the embryo mist. As was her custom of late Joanna acknowledged no intrusion between John and herself. After that first day, the day of his arrival, when her heart was ready to leap to his, but was repulsed, she had been whatever his current mood dictated that she should be. At times he put his arms around her, and drew her to him, and there were silences between them. At other times he was detached, moody. Today, Joanna knew, he was fighting with a serious hurt.

The first weeks of his visit had been a calendar of notable occasions for him. The Prince of Monaco, interested always in topics and proposals that are of human merit, had honored him with a command audience and had presented him to that distinguished group of scholars and scientists, and worthy men of other professions, who gather around him from many parts of the world. It is their tribute to the Prince who is dead, the father of the present ruler of the little principality. These savants greeted the young American with enthusiasm. They complimented him upon the daring of his projected monument to the femininity of the inspiration for deeds of valor that soldiers perform on the battlefield. They were interested in the spectacular rise of the young student. He was asked to deliver an address, and did, with triumph to himself.

Just this day, Joanna knew, one of these commands into the coveted circle of men whose names were great, had been cancelled; not abruptly, or offensively, but nevertheless. It could only be interpreted as a reminder that even a great purpose and a high ambition could not withstand a too flagrant violation of certain standards. John had become too much a frequenter of the roulette rooms. And there was too great an interest generally in pointing him out as the new devotee of the beautiful Yvonne Coutant, and one who would be apt to sacrifice deeply at the altars of her sorceries. The distinguished young visitor from America had become one of the bevy of moths, even if a brilliant one and those who distribute honors are sometimes conservative.

The girl who walked through the Amette grounds with him would have liked to comfort him, but he would give her no opportunity. While they stood on the Trianon steps and watched the distribution of huge piles of blossoms, roses, rhododendrons, and mimosa, already being brought from their Monegasque gardens, Joanna remarked:

"You haven't complimented me upon all of this. Doesn't it remind you, somehow, of the evenings we spent planning the time when we would be able to build, together, a house that would have cost hardly more than my pavilion over there?"

(To Be Continued)

The older a lamb grows the more sheepish he becomes.

Large Pimples Lasted A Year Cuticura Heals

"My face and neck were all covered with pimples. They were red, hard and large and festered and scaled over. For a while the itching and burning were so severe that I could not help scratching, and my face was disfigured. I lost my sleep for about a month on account of the irritation. The trouble lasted one year."

"I used other remedies but they failed to help me. I sent for a free sample of Cuticura Soap and Ointment. After using it I purchased one cake of Cuticura Soap and one box of Ointment and in a month and a half I was healed." (Signed) Miss Emily Doll, Riverton, Man.

Clear the pores of impurities by daily use of Cuticura Soap, with touches of Cuticura Ointment as needed to soothe and heal. Cuticura Talcum is fragrant and refreshing, an ideal toilet powder.

Sample each free by mail. Address Canadian Depot, "The Canadian Soap Co., Ltd., 25 St. George Street, Toronto, Ont. Price, Soap 25c, Ointment 25c, Talcum 25c.

Are Pleased With Massey

Says Canada Has Paid U.S. Compliment in Its Choice of Minister to Washington

The Washington Star, commenting editorially on the new Canadian ministry, says:

"The Canadian government has paid a distinct compliment to the United States in the choice of its first minister to Washington. Few diplomats have come to Washington so well equipped with a knowledge of the problems which will arise and an understanding of the viewpoint of the American government and people." The Star suggests that "a huge task confronts the new minister in the Great Lakes-St. Lawrence deep waterway alone and there are other questions such as water rights and sanitation to keep him busy, with the ever-present problem of smuggling both ways across the border thrown in for good measure."

Neuralgia Conquered Its Pain Destroyed

Magical Results Come When You Apply

NERVILINE

It Acts Quickly

Mr. W. T. Greenway, formerly connected with the Guide newspaper staff, has written: "For twenty years we have used Nerviline in our home, and not for the world would we be without it. As a remedy for all pain, earache, toothache, cramps and disordered stomach, I know of no preparation so useful and quick to relieve as Nerviline." Remember this, wherever there is pain, rub on Nerviline, and you will get prompt results—35c at all dealers.

Cannot Do Without Advertising

No business is so great that it can afford not to advertise. No business is so small that it cannot afford to advertise. No town or city is either too small or too large to advertise. And it seems now is a propitious time for community advertising.

BABY'S OWN TABLETS ARE OF GREAT VALUE

To All Mothers Having Young Children in the Home

No other medicine is of such aid to mothers of young children as is Baby's Own Tablets. The Tablets are the very best medicine a mother can give her little ones during the dreaded teething time because they regulate the stomach and bowels and thus drive out constipation and indigestion; prevent colic and diarrhoea and break up colds and simple fevers.

Concerning Baby's Own Tablets, Mrs. John A. Patterson, Scotch Village, N.S., says:—"I have six children, and all the medicine they ever get is Baby's Own Tablets. I would use nothing else for them and can strongly recommend the Tablets to all mothers."

Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Little Helps For This Week

For none of us liveth to himself.—Romans xiv. 7.

I live for those who love me,
For those who know me true.
For the heaven that smiles above me,
And awaits my spirit too.
For the cause that lacks assistance,
For the wrongs that need assistance,
For the future in the distance,
For the good that I can do.

Influence is as inseparable from character as the fragrance is from the flower, or the shadow from the substance. Every one that lives, therefore, lives not merely unto himself, but has a subtle influence always radiating from him that produces some effect on others. On the rocks beneath us you will find the impress of the tiniest insect as well as that of the largest megatherium; and so in the strata of society, each man has his own place to fill, and will leave his own mark behind for blessing or for the reverse.

Muscular Rheumatism Subdued.—When one is a sufferer from muscular rheumatism he cannot do better than to have the region rubbed with Dr. Thomas' Electric Oil. Let the rubbing be brisk and continue until ease is secured. There is more virtue in a bottle of it than can be fully estimated.

It's easy to be a fool and it's foolish to be easy.

For sale everywhere—Minard's Liniment.

A Smoke-Eating Machine

New Device With Suction Attachment Proves Boon to Firemen

Firemen in Minneapolis may soon lose the appellation of "smoke eaters," for they now have a machine that literally "eats" the smoke for them at fires. The device resembles the "steamer" type of fire engine. It has a boiler-like apparatus with a suction fan attached to a huge hose, about 17 inches in diameter. The hose is run into smoke-filled rooms and the smoke is drawn out. It has proven especially successful in fighting stubborn basement blazes, where there is much smoke but little fire.

Suffered For Three Long Years From His Kidneys

Saskatchewan Lady Tells How Dodd's Kidney Pills Helped Her Husband

Mrs. R. P. Romanyshyn Speaks Very Highly of Dodd's Kidney Pills.

Portage la Prairie, Man. (Special)—Claiming that her husband had been relieved from backache and kidney trouble, Mrs. R. P. Romanyshyn, a resident of this place is enthusiastic about Dodd's Kidney Pills.

"I have found that Dodd's Kidney Pills are very helpful to my husband who has suffered for three years from his kidneys, and is feeling all right now. He tried many doctors and they did not do him any good. It is only Dodd's Kidney Pills that helped him." Dodd's Kidney Pills strengthen the kidneys and put them in shape to do their full work of straining the impurities out of the blood. With pure blood there is good health all over the body.

There is no reason why anyone should continue to suffer when Dodd's Kidney Pills can be obtained from druggists everywhere, or The Dodd's Medicine Co., Ltd., Toronto, 2, Ont.

Captain at Southampton (to Irishman applying for job on board ship)—Have you ever been at sea before? The Son of Erin—Do you think I came over from Ireland in a cab?

Is It Your Nerves?

—Photo by Hayball

Mrs. H. C. Argent

Woodstock, Ont.—"I have never found anything so good for the nerves as Dr. Pierce's Favorite Prescription. Several times in the past I have had spells of nervous prostration—my nerves would go all to pieces. I would become rundown and weak, but Dr. Pierce's Favorite Prescription has always restored my nerves and brought back my health and strength. I have been so greatly benefited by taking the 'Prescription' that I now recommend it to all weak and nervous women."—Mrs. H. C. Argent, 616 Frances St.

Sold by dealers, in both fluid and tablet form; or send 10c for trial pkg. tablets to Dr. Pierce's Laboratory in Bridgeburg, Ontario.

ELECTRIC LIGHTS FOR STAVELEY

The town of Staveley has decided to instal an electric light plant, which it expects to have in operation by December 1st. The fire hall is to be remodeled to hold the light plant. Contracts have been let to the Messrs. Brotherton of Calgary as follows: "Marshall" 30 h.p. oil burning engine, \$2500., installed; electrical machinery, \$1000.; distributing line, \$2080.; and cost plus 10 per cent. for remodeling the fire hall.—Nanton News.

One wonders what the animals think of it?

RUB 'EM OFF SOMEONE!

Due to the formation of sunspots, the greatest war the world has ever known will take place within two years, according to Professor Tehlojovsky of Moscow University, when lecturing at Philadelphia the other day.

Don't forget the annual I.O.O.F. dance in the Didsbury Opera House on March 17 (St. Patrick's night). The biggest dance of the season. Music will be supplied by Silver Harvey's popular Calgary orchestra. Refreshments served in the hall. Come and have a real good time.

At the annual meeting of the municipality of Mountain View on February 19th, three councillors were returned by acclamation, viz.: P. Saunders, H. E. Pearson and W. J. McCoy. There

was a good attendance and the meeting, generally speaking, expressed itself as being well pleased with the work of their Council during the past year. The excellent financial standing of the district, as disclosed by the balance-sheet, also provoked much favorable comment, and a general expression of approval was evident. Considerable discussion took place afterwards with respect to graveling the roads.

The first meeting of Innisfail lodge No. 8 A.F. and A.M., G.R.A. to be held in their New Masonic Temple, took place on Thursday last. There was no particular ceremony in connection with the meeting. We understand that the formal opening of the Temple will be held later.—Innisfail Province.

On Wednesday, March 8th, at the Opera House, there will be a picture of particular interest to western people entitled "The Canadian." It is a tale of our own country and is absorbingly interesting.

W. A. Teskey unloaded this week a consignment of brush breakers, disc plows, disc harrows, spring tooth cultivators, diamond harrows, three-furrow power lift horse plows.

W. J. McCoy left for the east last week with a carload of horses.

Mrs. Mortimer, ssn. left on Monday for Rochester to undergo an operation. She was accompanied by her daughter, Mrs. Geiger.

The Didsbury W.I. have had some very pleasant meetings this year, and included in their activities has been sewing for the

hospital, a considerable amount of work being done in this respect. In January a very interesting paper on "Immigration" was read by Mrs. C. Deadrick, a buttonhole contest being also held, this meeting being held at the home of Mrs. A. Fisher.

At the February meeting held at the home of Mrs. McCoy, Miss M. Finlay presented a paper on "The natives of Africa," and her own work, which proved most instructive. At this meeting Miss Finlay was given a handkerchief souvenir.

On March 11th, at the home of Mrs. Jas. Clarke, there will be a St. Patrick's meeting at 2.30. Visitors and members are welcome.

A Sunday School convention will be held at the M.B.C. church, March 8th, followed by the Annual Ministerial Convention, March 9th. Splendid programs have been arranged for both of these conventions. On the evening of the 8th, a missionary program will be given, at which time Miss Maggie Finlay, returned missionary from Africa, will speak. On the 10th 11th, and 12th, the Annual Conference of the M.B.C. church will convene. Everyone is invited to attend these conventions and conference sessions. Sessions begin 10.00 a.m., 1.00 p.m. and 7.30 p.m.

The Bible College singing class, which has been conducted by Mr. J. Steckley, will have a recital at the M.B.C. church, March 8th, at 7.30 p.m. Special music, consisting of choruses, male quartettes, mixed quartettes, double quartettes, duets and solos, will be given. Everybody welcome.

The Rugby W.I. will hold an entertainment and play, titled "Pa's new Housekeeper," at the Melvin school house, Friday, March 18th. Don't forget the date.

The W.C.T.U. will meet at the home of Mrs. J. H. Helm, on Wednesday, March 9th, at 2.30 p.m. At this meeting we will endeavor to give you a bird's eye view of our W.C.T.U. as a provincial organization.

W. E. Reider is having an auction sale on March 16th, of farm stock, implements and household goods. 14 miles east and 4 south of Didsbury, known as Siebertville.

Urban P. Reichman, a farmer living two miles southwest of Big Valley, is claiming a world's record for shoveling grain. On Tuesday, Feb. 22, he loaded 117 bushels and 20 pounds from the bin to sleigh box in three minutes and twenty seconds. He was timed by three responsible citizens, J. Law, F. Hanna, and P. Law.

DIED

Dale Keith Nelson, age 10 months, 28 days. Death occurred at Calgary on February 21, 1927. He was buried at Westerdale.

CARD OF THANKS

We take this means of thanking our many friends for their help and sympathy extended us in our recent loss and for the beautiful floral offerings.

Mr. and Mrs. E. M. Nelson and family.

Steamship companies brought approximately 165,000 passengers to the Dominion in 1926, an increase of nearly 43,000 over the previous years. Third class passengers, the majority of whom were immigrants or new settlers, accounted for over 123,000. An outstanding feature of travel has been the development of tourist third class accommodation. Approximately 7,100 passengers of this kind were carried eastbound across the Atlantic from Canada and 8,650 transported westbound during 1926, making a grand total of this kind of travel of 15,750 for the year.

Quality is the Best Policy.

The World's Poultry Congress to be held at Ottawa July 27th to August 4th next is to be a big affair in every sense. Floor space will be more than 200,000 square feet; the national educational exhibits utilizing 55,000 of that footage. There will be approximately 10,000 live birds on exhibit, of every breed and variety. Commercial exhibits will be a main attraction and one firm making incubators has already contracted for 7,000 feet. Among the European countries that have decided to take part in the Congress are: Germany, Roumania, Italy, Russia, Denmark, Poland, Belgium, Holland, Spain and Latvia.

Skiing in the Laurentians is becoming ever-popular in Quebec. To cope with the greatly increased traffic of winter sports lovers the Canadian Pacific Railway Company are operating special trains into the mountains during the week ends, from January 9 to March 13. Canadian winter sports are attracting a great number of Americans of late. This was evidenced by the in-rush of visitors at the Chateau Frontenac at Quebec city, who came across the border during the Christmas and the New Year's season.

Beaver trapping will be permitted, under an order-in-council just issued, throughout the upper part of the province of Alberta, north of the 55th parallel. Within these bounds the close season, which now holds for the whole province and for the whole year, will be opened for four months, January 1 to April 30.

Notice of Sale.

Notice is hereby given under section 48 of the Domestic Animals Act (Municipalities) that the following horses were impounded in the pound kept by W. J. Scheidt, Didsbury, Alta., and located on the N.W. 16-31-1-5, on the 20th day of December, 1926, and that the said animals were sold on the 6th day of January, 1927.

One dark brown gelding, aged, branded 55 left shoulder, sold to J. E. Lissemer, Didsbury, Alta.
One grey mare, aged, branded 0=0

right hip very indistinct, sold to Ellis Barnes, Didsbury, Alta.

And that the said animals may be redeemed by the owner or on his behalf within a period of thirty days from the publication of this notice in the Alberta Gazette, upon payment of all fees and costs due to the municipality and the purchaser of the said animals.

For further information apply to the undersigned.

Secretary-Treas. Municipal District of Mountain View No. 310, Didsbury, Alta.

Judge Discredits Evidence of Imm and Blondy

In relation to Rosebud's
Christmas Tree Case.
—Appeal Dismissed.

The appeal of Wm. Imm from the fine imposed by James Phillipson, J.P. for the theft of a Christmas tree valued at 50 cents, from the Rosebud schoolhouse on December 16th last, was dismissed with costs before Judge MacDonald here, on Tuesday. The presiding judge in summing up the case stated that he was unable to credit the evidence of the accused and his hired man, Martin Blondy.

Miss Nellie Wilson, the teacher at Rosebud school, purchased a Christmas tree on December 16, which was to be used as an entertainment to be given by the pupils on December 17. The tree was delivered at the school on the afternoon of December 16, but when the teacher and the pupils arrived at the school on the morning of December 17, the tree had disappeared. R. Finlay, one of the pupils, traced the needles which fell off the tree to William Imm's farm, which is only a short distance from the school, and also found the bottom of Imm's sleigh covered with needles. Imm showed young Finlay a Christmas tree which he had in his garage, but it was not so large as the one missing from the school, and the bottom had been cut off with a saw.

Finlay swore that Imm informed him he had bought it in town. At the trial held before the local J.P., on January 3, Imm and his hired man, Martin Blondy, swore that they had dug the tree up on the Imm farm and had later cut off the roots and burned them. The court had then been adjourned to permit A.C. Fisher, J.P., and Constable Hemming, A.P.P. to accompany Imm and Blondy and inspect the hole where they claimed the tree had been secured. Blondy and

Imm were unable to locate the spot. At the hearing Tuesday Blondy and Imm's again swore that they had dug up the tree on the Imm farm, but that the spot had been obliterated by straw and snow, and also by horses and cattle tramping over it. On the stand, Imm acknowledged that he had lived under the names of Johnson and Wagner, that he had jumped his bail in Kansas and fled to this country, and that later he had been sentenced to from 5 to 15 years for theft and perjury, and had served a term and was still on parole.

Judge MacDonald, in summing up, stated that he was unable to credit the evidence of Imm and Blondy and dismissed the appeal with costs.

A. L. Smith, K.C., represented the crown and H. G. Nolan represented Mr. Imm. The appeal was heard in the opera house, which was packed to the doors.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoacetic-acidester of Salicylic Acid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Is the Vote Worth Having?

Do the people of Canada, and other countries enjoying the rights, privileges and liberties which responsible government confers upon them, fully appreciate the value of these possessions?

Recalling the long and bitter struggles that took place, first in Great Britain and later in Canada, as well as in practically all countries now under democratic institutions, for the right of the franchise, it would almost seem absurd to ask if people valued that which was so dearly won. Inquire of almost any Canadian citizen and the reply would unhesitatingly be: "Of course, I value my rights of citizenship." Actions, however, speak louder than words, and how do thousands of Canadians make answer to this question when deeds rather than words are required?

The Chief Electoral Officer for Canada has recently prepared a statement of votes cast throughout the Dominion in the general election of last September, showing the total to be 3,273,662. The Dominion census of 1921 gave the population of Canada as 5,788,483. Using round numbers it may be assumed that the population was at least 9,000,000 in 1926. Of these 9,000,000 approximately one-half would be represented by those under 21 years of age or un-naturalized adults, leaving about 4,500,000 qualified voters. To be quite within the mark, say 4,250,000.

In other words, approximately one million citizens of Canada qualified to vote, or almost 25 per cent. of all voters, held their right to the franchise in such small esteem that they did not take the trouble to go to the polling booths in a general election to decide questions of national policy, involving the personnel and policy of the National Government for the next five years.

This Canadian showing, while not one to which our people can point with pride, is decidedly better than the United States record, where in the elections of last November, when thirty-four State governors, thirty-five senators, the entire House of Representatives, nearly all the members of state legislatures, and thousands of municipal, county and other officials were elected, only one-third of the qualified voters went to the polls, the other two-thirds refusing to use their freedom and take upon their shoulders the duties and responsibilities of citizenship.

The people of Great Britain discharge the duties of citizenship better than elsewhere in the Empire, with the exception of Australia. But Australia votes under pressure and compulsion. Although the Commonwealth has equal adult suffrage, such a large proportion of its people refused to use the ballot that compulsory voting was established, and with good results so far as getting the people to the polls is concerned. In the last federal election in Australia and in a more recent national plebiscite, 90 per cent. of the total registered vote was polled.

Is it not, however, passing strange that men and women must be compelled under pain of a fine imposed for failure to vote, to discharge the first obligation of their citizenship?

As one publication, commenting on this amazing apathy on the part of a large section of the people, very truly says, no country can be well governed where only the professional political elements interest themselves in elections. Unfortunately a great percentage of those who refuse to vote have the curious conceit that they are the superior classes; that politics is something beneath them. Such people are, in fact, less worthy citizens than the professional ward workers in our large cities.

If Canadian citizenship is worth anything, it is worth at least the trouble involved on election day of going to the polls and exercising the franchise which such citizenship confers.

Nearly Hundred Years Old

Experiments Made in 1835 With Electrically Propelled Cars

Electric propulsion of cars dates as far back as 1835, when Thomas Davenport, of Vermont, and in 1838 Robert Davidson, of Scotland, both ran experimental cars by voltaic batteries carried on the car. It was not, however, until the dynamo electric machine was perfected, so as to reduce the cost of current, that any practical system was devised.

The Portrush and Giant's Causeway, England, electric tramway, in 1882, was the first line in the United Kingdom which took the current from a conductor.

Incident Worth Mentioning

Union Jack Drooped From Laurentic's Mainmast When Located by Diver

The story of how the gold on the White Star liner Laurentic, sunk by the Germans in the war, was recovered by divers operating from the Admiralty steamer Racer, now about to be sold, is one of the most thrilling in the history of sea salvage. One incident that was thought too trivial to be recorded at the time is worth mentioning now, for the touch of the sea tradition it brings into the story.

The Laurentic sailed from New York in January, 1917, her strong room filled with gold and silver worth about \$25,000,000. She was struck by German torpedoes off Lough Swilly and sunk in 120 feet of water. After two years an effort was made to salvage, and then when a diver went down from the Racer he found, drooping from the Laurentic's mainmast, a faded flag with several rents in it—the Union Jack.

Because labor is cheap, Indians in Bolivia, South America, are beasts of burden.

"I realize the gravity of the situation," said Sir Isaac Newton as the falling apple hit him on the head.

Was Once Smugglers Haunt

But Now St. Helen's is England's Most Moral Village

St. Helen's, Isle of Wight, is undoubtedly England's most moral village. So good and peace-loving are the inhabitants that the local police station has been closed.

A policeman from Seaview, a few miles away, cycles to the village every day as a matter of form. The time of his arrival is known to all. He is greeted with smiles. There is never anything serious for him to do.

Thirty years ago things were different. Strangers had to be careful if they visited this tiny hamlet after dark. The inhabitants distrusted visitors, and were apt to show their dislike. A notorious gang of smugglers had their headquarters here and quantities of rum and contraband goods passed into the island for transport to London.

Innocent little thatched cottages or the crypt of a neighboring church were used as hiding places by the smugglers. The police and the revenue men were never idle.

RHEUMATIC VICTIMS

Can Find Relief Through Building Up the Blood

Pain is the symptom of rheumatism that every victim recognizes, and he generally attributes the trouble to cold, damp or changeable weather. But doctors know that thin blood is a marked characteristic of the trouble. "Trying to cure rheumatism while the blood remains thin and poor, is an impossible task because there is nothing to build on. A tonic like Dr. Williams' Pink Pills that enriches the blood and frees it from poisonous impurities soon banishes rheumatism from the system. So long as the blood is maintained in a healthy condition the trouble will not return. This is not theory. It has been proved in hundreds of cases; here is one:—Mr. J. W. Rose, R.R. 2, Albany, P.E.I., says:—"For some years I was a great sufferer from rheumatism and although I tried a great many remedies, I did not get any permanent relief until after I took Dr. Williams' Pink Pills. The trouble was located mostly in my shoulders, and at times was so bad that my right arm was almost useless. Of course I suffered much pain and great inconvenience. My attention was directed to Dr. Williams' Pink Pills through an advertisement in our newspaper, and I decided to try them. I took the pills according to directions with the result that the rheumatism has left me, and I have never had a twinge of it since. If this meets the eye of any rheumatic sufferer my advice is try Dr. Williams' Pink Pills at once."

You can get these pills from any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

All fighters use tape but none of them use as much red tape as fight commissioners.

"I want to help" says Allen Boudria

Tells facts from own experience to help others. Almost wild with pain, weak and rundown, he won new health and strength through Tanlac

Allen Boudria, engineer, of 432 St. Patrick St., is one of Ottawa's best known citizens. "My purpose in telling the facts of my experience," he said, "is to help others who suffer as I did."

"For five years I was in misery. My whole system seemed out of gear, but my stomach troubled most. Even a drink of cold water would cause my stomach to bloat and swell abnormally. Gas would prevent me from sleeping at night so that I had to get up and walk the floor for hours. Violent stomach pains nearly drove me wild. I've seen times when I was doubled over, unable to straighten up."

"My friend M. Laporte told me how Tanlac had helped him out of similar trouble, so I got some and used 9 bottles in all. It just made me over. I feel 30 years younger than I am, and weigh 214 lbs. My appetite and sleep are both fine. I eat what I like and sleep like a top. Tanlac and nothing

else, made this great change. I'm for Tanlac."

If overwork or neglect have worn you down get Tanlac, the great natural tonic made from roots, herbs and barks. Your druggist has it. Over 52 million bottles sold.

Gives Concert From Airplane

Ginger in Machine 4,000 Feet Up Uses New Device

In flight approximately 4,000 feet above the street, John Charles Thomas, concert baritone, sang operatic arias to an audience in Columbus Circle, New York, in the first official test of the "Voice of the Sky," a secret sound-producing and amplifying device which makes possible direct vocal communication between aircraft and any one on the ground.

Mr. Thomas sat snugly in a cabin of the plane, singing and talking into this newly perfected amplifier of the Plane Speaker Corporation of Philadelphia, while his audience stood shivering in the frigid blast below.

Despite the fact that the plane was bucking a 40-mile breeze, and despite the din of street traffic, the melodies were heard distinctly by the crowds on the sidewalks.

"Hello, New York," came down from the sky in stentorian tones. Then to further demonstrate the amplifier, Mr. Thomas while circling about, addressed his ground audience briefly.

Leaders in the aircraft industry witnessed the demonstration, Major General John F. O'Ryan, president of the Colonial Air Transport Company of New York, one of whose planes was used in the test, said he believed the "Voice of the Sky" would be of great value in commercial aviation.

"With this device installed in planes on our New York-Boston route, and on the proposed New York to Chicago route," he said, "it will be possible to communicate with the towns and cities over which they pass, as 'No mail today for Sandusky,' or similar spoken messages from the air."

One of the most effective vermifuges on the market is Miller's Worm Powders. They will not only clear the stomach and bowels of worms, but will prove a very serviceable medicine for children in regulating the infantile system and maintaining it in a healthy condition. There is nothing in their composition that will injure the most delicate stomach when directions are followed, and they can be given to children in the full assurance that they will utterly destroy all worms.

Addressing a political gathering, a speaker gave his hearers a touch of the pathetic. "I miss," he said, brushing away a not unmanly tear, "I miss many old faces I used to shake hands with."

A Prime Dressing for Wounds.—In some factories and workshops carbolic acid is kept for use in cauterizing wounds and cuts sustained by the workmen. Far better to keep on hand a bottle of Dr. Thomas' Electric Oil. It is just as quick in action and does not scar the skin or burn the flesh.

The coldest time of the day is the hour just after sunrise, according to scientists. This is explained by the fact that when the sun strikes the earth it causes the evaporation of a chilling moisture.

If one be troubled with corns, he will find in Holloway's Corn Remover an application that will entirely relieve suffering.

A British army regiment recently returned from Constantinople to England, after being absent 18 years and having served in eight countries.

A BROKEN DOWN SYSTEM. This is a condition for dis ease to which doctors give many names, but which few of them really understand. It is simply weakness—a break down, as it were, of the vital forces that sustain the system. No matter what may be its causes (they are almost numberless), its symptoms are much the same; the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what a state is absolutely essential in all such cases is increased vitality—vigour, vital strength and energy to throw off these morbid feelings, and as night succeeds the day this may be more certainly secured by a course of **THE NEW FRENCH REMEDY, THERAPION No. 3** than by any other known combination. So easily as it is taken in accordance with the directions accompanying it, will the shattered health be restored **THE EXPIRING LAMP OF LIFE LIGHTED UP AFRESH.** and a new existence imparted in place of what had so lately seemed worn-out, used up, and valueless. This wonderful medicine is suitable for all ages, constitutions and conditions, in either sex; and it is difficult to imagine a disease or derangement whose main feature is weakness, that will not be speedily and permanently overcome by this recuperative essence, which is destined to cast into oblivion everything that had preceded it for this wide-spread & numerous class of human ailments. Sold by leading Chemists, or either No. return mail from Dr. L. C. Chas. Med. Co., Montreal, Rd. N. W. A. London

WORLD HAPPENINGS
BRIEFLY TOLD

Leipzig, Germany, has inaugurated most intensive tests known for prospective motor drivers.

School boys of England are being taken to New Zealand and instructed in farming under a plan of the Chamber of Commerce, of Tarnaki, N.Z.

Duelling with rapiers, a favorite pre-war pastime of German students fraternities, has been declared unlawful by the supreme court of Leipzig.

The British Admiralty has ordered the construction of a 10,000 ton cruiser. The cruiser, which is provided for in the current naval estimates, will be built in Glasgow.

Approximately one passenger out of 8,250,000 carried is killed on Canadian steam railways, according to returns to the railway department. One passenger out of each 111,000 is injured.

The Blue Star liner Arandora, 14,000 tons, fifth and last of a fleet of new vessels for a fast fortnightly service between London and South American ports, was launched recently.

Three eclipses of the sun, two eclipses of the moon and the transit of the planet Mercury over the sun's discs are all included in the program for 1927, it is stated by Professor A. J. Kelly, of the McGill Observatory, Montreal.

By an overwhelming vote the U.S. Senate refused to consider in open session the treaty of Lausanne, which would re-establish diplomatic and commercial relations with Turkey. The treaty is opposed by a number of Democrats.

Col. C. R. E. Willets, commander of the Princess Patricia Regiment since 1920, with headquarters in Winnipeg, has been promoted to headquarters staff in Ottawa. Major M. R. T. Broecker will succeed Col. Willets as commander.

Vodka drinking in Russia has become so great an evil that the commissariats of health, justice and the interior are jointly drawing up severe measures to repress it. They propose to forcibly seize chronic alcoholics whenever they are found intoxicated and to subject them to a drastic sobering treatment in hospitals.

Every careful and observant mother knows when her child suffers from worms. She also knows that if some remedy be not speedily applied much harm will result to the infant. An excellent preparation for this purpose is Miller's Worm Powders. They drive worms from the system and set up stimulating and soothing effects, so that the child's progress thereafter is painless and satisfying.

Canadian Legation in Washington
It is expected that the Canadian Legation will open in Washington, D.C., sometime in February. Hon. Vincent Massey, who has been appointed to represent Canada in the American capital, is completing the arrangements in connection with the opening of the legation.

MAGNIFICENT PLANT FOR CROSSE & BLACKWELL.

About 1,200 people will be employed in the new Canadian Plant of Crosse and Blackwell, Limited, internationally known British Firm and producers of pure food products. The above drawing shows the

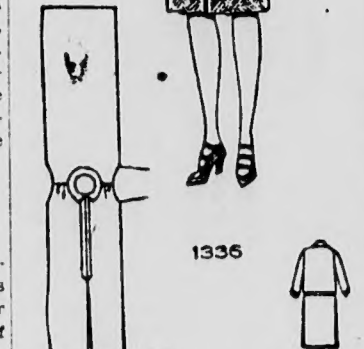

\$1,000,000 building to be erected at Toronto. Here will be produced a complete assortment of jams, preserves, pickles, sauces, bottled meats, and the quality of all Crosse and Blackwell products manufactured here will be maintained to the same unexcelled standard of perfection which has prevailed for more than two centuries. Meanwhile, C. & B. products imported direct from England are available at all the grocers who carry high class goods.

Woman Heads Organ Business

English Manufacturing Firm Has Been Family Concern Since 1750

Old fashioned long skirts interfered with Miss Jess Gray Davison learning to play an organ as a girl but this has not prevented Miss Davison from becoming the only woman managing firm in England. The business has been a family concern since 1750, and Miss Davison took charge on account of the illness of two brothers. Her grandmother considered it was "unladylike" for Miss Davison to play the organ as a girl because "the long skirts worn in those days might get mixed up with the pedals."

No man or woman should hobble painfully about because of corns when so certain a relief is at hand as Holloway's Corn Remover.

The Very Important One-Piece Dress

Adhering to the straight-line silhouette, this model would be very trim for sports wear or business. The charming simplicity of its cut is emphasized by such adornments as a row of buttons down the closing from neck to waist, and patch pockets, while there are slight gathers at each shoulder. Long sleeves are gathered to narrow wristbands and the round collar is of the latest mode. No. 1335 is for misses in sizes 16, 18 and 20 years. Size 18 (36 bust) requires 3½ yards 36-inch, or 2½ yards 54-inch material. 20 cents.

Our Fashion Book, illustrating the newest and most practical styles, will be of interest to every home dress-maker. Price of the book 10 cents the copy.

Labor Fights Communism

American Labor Leader Would Rid Ranks of Destructive Elements

Ridding its ranks of all ultra-radical destructive and revolutionary elements is the first task to which American organized labor has set itself for the new year.

In a statement, in which he views with satisfaction the achievements of labor in the past year and expresses optimism for 1927, Matthew Woll, vice-president of the American Federation of Labor, declares that the fight against Communist elements in the labor ranks will continue.

"We have fought the fight of Democracy against Communism," he said, referring to activities of the year just closed, "we have turned upon it all the energy in our beings, fighting it as the would-be destroyer of our freedom and our homes. We count the results as satisfying and gratifying beyond words to express."

Woll declared that at no time before had the consuming power of the workers been as high as it was in America in the past year.

"We are, in the mass, comparatively well off," he said, "not because we make many things, but because our wage levels enable us to buy so many of the things we make, from clothes to pianos, automobiles and homes."

Blondes Are Hardier

Blondes are not only preferred by gentlemen, but, according to the famous surgeon, Sir W. Arbuthnot Lane, they are much hardier. "Fair-headed persons have enormous advantage over dark-haired," he said. "They seem to be able to fight against disease very much better."

"Oh, papa, can you tell me if Noah had a wife?" "Certainly, Joan of Arc. Don't ask silly questions."—London Tit-Bits.

Husband And Wife Are Both Benefitted

Mr. F. Spilay Speaks Highly of Dodd's Kidney Pills

Saskatchewan Man Who Suffered From Kidney Trouble Tells of the Relief He sought and Found.
Springside, Sask. (Special)
"Both my wife and myself have suffered with strained kidneys, the pain being so bad at times that it was impossible for either of us to stoop and getting up was most difficult and painful. We used Dodd's Kidney Pills and found ready relief in them for this trouble."

This statement comes from Mr. T. M. Spilay, Box 2, Springside, Sask. Dodd's Kidney Pills are purely and simply a kidney remedy. They act directly on the kidneys, strengthening them and putting them in condition to do their full work of straining the impurities out of the blood.

Dodd's Kidney Pills have restored sound health to thousands of troubled men and women. Give them a trial at once.

The road to good health lies through the kidneys, so keep them in good condition with Dodd's Kidney Pills.

An exercise that is recommended for reducing a too exuberant waist line is placing both hands on the edge of the table and firmly pushing back.

Stuffed Up?

Clear your head with Minard's. Warm the liniment and inhale.

Statue Of Sir Wilfrid Laurier

Work Is Nearing Completion In Paris, and Statue Will Be Unveiled at Ottawa, July 1st.

The original of the statue of Sir Wilfrid Laurier, to be erected on parliament hill at Ottawa, has been completed by the Montreal sculptor, Brunet, now living in Paris, who was commissioned to undertake the work by the Canadian government a year ago. Casting of the statue proper will be commenced immediately.

It is understood that Premier Mackenzie King, while in Paris some weeks ago, made several suggestions to Brunet which have improved the work. Hon. L. A. Taschereau, premier of Quebec, and Philippe Roy, Canadian commissioner-general in Paris, have expressed their satisfaction with the artist's work.

The unveiling of the statue has been arranged for July 1, in connection with the celebration. It has been suggested that at the same time Premier King might plant two poplar trees behind the statue to soften the prospect in front of the buildings.

Senator Joseph M. Wilson, of Montreal, has intimated that he will present a replica of the bust of the statue to Laurier House, Ottawa.

NOTHING TO EQUAL BABY'S OWN TABLETS

Mrs. Georges Lefebvre, St. Zenon, Que., writes: "I do not think there is any other medicine to equal Baby's Own Tablets for little ones. I have used them for my baby and would use nothing else." What Mrs. Lefebvre says thousands of other mothers say. They have found by trial that the Tablets always do just what is claimed for them. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach and thus banish indigestion, constipation, colds, colic, etc. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

SUNDAY SCHOOL LESSON

JANUARY 16

THE CHRISTIAN'S USE OF THE BIBLE

Golden Text: Thy word is a lamp unto my feet, and light unto my path. —Psalm 119.105.

Lesson: Deuteronomy 6:4-9; 2 Timothy 3:14-17.

Devotional Reading: Psalm 119.105.

Explanations and Comments

1. God's Unity and Uniqueness, Deut. 6:4.—This passage, verses 4-9, the Jews called Shema, from the first word of verse four in Hebrew, translated Hear. The Shema is still recited, together with Deut. 11:13-21, and Num. 15:37-41, as the first act of worship in the Jewish synagogue, and twice a day by every adult male Jew.

Hear, O Israel, Jehovah our God is one Jehovah. This signifies not only the unity but the uniqueness of God. "In the Hebrew manuscripts the last letters of the word 'Hear' and 'one' are written large and spell 'ed,' the Hebrew word for 'witness,' because it was believed that this was a sort of brief creed, in which witness was borne to God and he was challenged to bear witness to the loyal believer."

"Where the passage occurs in the Sabbath readings in the Jewish synagogue, the whole congregation repeat the last word, Achad (Jehovah), for several minutes together with the loudest vociferations." — (Adam Clarke).

"The sense of God's reality is a different experience from belief that God exists. All men believe that natural beauty exists, but some men feel it vividly, rejoice in it heartily, while others are never moved by it at all. A shadowy sense of God's reality is one great danger. We do not disbelieve that God exists, but we often lack a penetrating and convincing consciousness that we are dealing with him and He with us. This is the inner problem of prayer." — (H. E. Fosdick.)

British Empire's Shop Window

New Features of the British Industries Fair 1927

It is a striking fact that the British Industries Fair, which is to be held in London and Birmingham from February 21st to March 4th next, will, despite recent industrial trouble and depression in Great Britain, greatly exceed in size and importance the Fair of last spring. No doubt the consciousness that it would be necessary when the coal stoppage ended to make up for lost time by establishing new trade contracts carried some weight. It has also to be remembered that exhibitors at the last Fair were highly satisfied with the business results achieved, and have realized that the number of buyers from abroad visiting the fair with the intention of doing serious business increases every year.

All the exhibiting space for the forthcoming fair, was booked three months before the opening date even though additional space has been provided in London and Birmingham. There has been nothing like it since the "boom" year of 1920, and the coming fair exceeds even that of 1920 from the buyer's point of view, because it is a buyer's market now and those who exhibit know that it is useless to do so unless they have something really worth while showing, something which will attract or create a demand and not be bought merely because it is available.

A new feature this year is the exhibit of Empire foodstuffs by the Empire Marketing Board. Realizing the wide appeal of the British Industries Fair to home and overseas buyers, the Board took 10,000 square feet, and here, in addition to exhibits by the Dominion, there will be foodstuffs from British Guiana, the Gold Coast, Rhodesia and the East African Colonies.

Apart from this stand, which is for foodstuffs only, there will be a section of Canadian manufacturers, and the East African Colonies have taken space. Still more Empire exhibits are to be found in the various trade sections.

Says Men Make Best Cooks

More Interested In Things to Eat

According to British Novelist

Men are more interested in food and therefore make the best cooks, declared Norman Venner, novelist, in the London Scepticist, official organ of the Scepticist Club. "No woman should ever be a cook, as men manage much better, being more interested in things to eat," says Mr. Venner, who contends that no woman should ever be captain of a ship as the sea is too masculine an element.

No woman, he goes on, should ever be in charge of an automatic road drill, or a steam crane, or a battery of howitzers; no woman should ever be a soldier sailor, tinker, tramp, professional wrestler, diver or boiler-maker. But apart from these the world of human effort is open to the woman worker. "And I for one," says the author, "only hope they will get on with it in large number."

The writer takes a fling at the men in his article in the feminist magazine, especially the politicians and labor leaders here, who, he claims, in connection with the coal industry tie-up "have made a mess of things."

RED RASH ON FACE AND NECK

Formed Eruptions. Suffered Much at Night. Cuticura Heals.

"I was troubled with a rash that broke out on my face and neck. It was very red, and the irritation caused me to scratch it in my sleep. After scratching, little, sore eruptions formed. I suffered much at night, and my sleep was broken."

"It looked hopeless until I began using Cuticura Soap and Ointment. After a few days the eruptions started to heal, and after using five cakes of Soap and five or six boxes of Ointment I was healed." (Signed) G. Harding, 2233 Florian St., Montreal, Q.C.

Daily use of Cuticura Soap, with touches of Cuticura Ointment now and then, keeps the skin fresh, smooth and clear. Cuticura Talcum also is ideal for the skin.

Sample Each Free by Mail. Address Canadian Depot: "Punchbowl Ltd. Montreal." Price, Soap 10¢, Ointment 25¢ and Talcum 10¢. Cuticura Shaving Stick 25¢.

MANY BRANCH LINES PROJECTED FOR THE WEST

Ottawa.—Hon. Charles A. Dunning, Minister of Railways and Canals, has given notice of his intention of submitting to Parliament for its approval at the present session, a program of construction work suggested by the management of the Canadian National Railways and their board of directors. Parliament is to be asked to authorize the Canadian National Railways to proceed with the construction, during the next three years, of 470.2 miles of railway. The proposals are divided into three groups:

- 1.—Lines which offer economic and operating advantages to the system.
- 2.—Branches for the purposes of general development and colonization of the country which will constitute feeders to the system.
- 3.—A branch which will link the Hudson's Bay Railway with the South lines of the Canadian National Railways system.

The cost of these new lines, which are to be completed by August 31, 1930, will be \$19,120,000 and the program has been submitted, the management states, after exhaustive consideration of the requirements of the National system.

About 50 per cent. of this railway building program will be in Saskatchewan, an analysis of these figures show. This is entirely apart from the extension program of the Canadian Pacific Railway.

The railway management states that it may be found desirable to ask at some time during the next three years for one or two extensions, as a result of developments not fully foreseen at this time.

The railway executive also have expressed their satisfaction at the results obtained from the new lines which Parliament sanctioned in 1924.

Will Settle Legality of General Strikes

Job for Government Not Judge, Says Earl Birkenhead

Liverpool.—The broad intentions of the Government's legislation to be introduced restricting the privileges of trade unions were indicated by Earl Birkenhead, secretary for India, in the course of his address here. "We do not think it proper to leave the legality or illegality of a general strike to depend upon the expression of opinion of a judge, however distinguished he may be," he said. "We intend that it should be laid down by the authority of that parliament which was challenged, that now and hereafter that weapon is forbidden, and has become criminal."

Ambassadors Deny Rumors

England Has Not Given Italy Free Hand Against Turkey

Constantinople.—Rumors that England had granted Italy a free hand against Turkey as compensation for Italian co-operation in China so agitated public opinion here that the Italian and British ambassadors today issued public denials.

Deputy Mahmud Bey, chief spokesman for President Mustapha Kemal Pasha, scouted the idea of Italian aggression, but stresses the fact that the reinforced Turkish army is prepared for any eventuality.

Is Champion Dog Mustier

Quebec.—Emil St. Goddard, The Pas, Man., finished the race in the Quebec International dog derby in three hours 55 minutes and 15 seconds. His total elapsed time for the three days of racing was 11 hours, 37 minutes and 35 seconds, which concedes him the race and title of champion dog mustier of the North American continent and of the world.

Mail Planes Burned

Kansas City.—Fire destroyed a hangar at Richards Field, near here, containing four air mail planes. The planes were owned by the National Air Transport, Inc., which holds the Chicago, Dallas line contract. The damage was estimated at more than \$100,000.

Suggest Conference on Old Age Pensions

Matter Was Recently Brought Before Alberta Legislature

Edmonton.—Old age pensions came before the Alberta Legislature following the introduction of a motion by J. T. Shaw, Liberal leader, that the Government should introduce at the present session an old age pension bill and an amendment by A. A. McMillan, Conservative leader, that the question be discontinued at the present session and if thought fit, that a bill be introduced as soon as federal legislation upon this subject has been enacted by the Dominion Parliament.

Premier Brownlee adjourned the debate with a view to the bringing in of a compromise amendment on which all those opposed to the motion might agree.

Premier Brownlee thought that even if the federal House decided to adopt a principle of 100 per cent. liability for payment of old age pensions, nobody would very seriously challenge the legislation.

If a conference were held, he suggested, it might be possible in case the federal Government refused to accept 100 per cent. liability, that it would undertake seventy-five per cent. of it and he pointed out that the Ottawa House might lower the pension age to 65, which would bring Alberta's share of the burden to possibly \$600,000 a year.

To Protect Shareholders

Shareholders of Saskatchewan Co-operative Elevator Co. to Benefit

Regina.—Shareholders of the Saskatchewan Co-operative Elevator Company will receive \$155.78 for every 1911-12 share for which they originally paid \$7.50, if the bill providing for the winding up of the company passes the Legislature in its present form. In other words, a shareholder holding the limit of 20 of these shares will receive \$3,115.60 for them on the pro rata method of distribution proposed in the bill.

Shares issued in succeeding years will be worth proportionately less, the last shares issued being worth \$27.87 under the provisions of the bill. The difference is accounted for by the fact that the shares issued in different years are paid up in varying amounts ranging from \$42.50 for the 1911-12 shares to \$7.50 for the last issue, stock bonuses accounting for the difference in the paid up value.

"Speculators" who planned to make a "clean-up" on these shares will be out of luck if the bill can prevent it. Premier Gardiner declared, making it clear that the government desired to protect not only the delegates attending the annual meeting of the Elevator Company next week but the thousands of shareholders remaining in the country.

Would Aid Boy Scouts

Ottawa.—Suggesting that some portion of the 10 per cent. reduction in income tax, provided for by the recent budget of Hon. J. A. Robb, minister of finance, should be paid by each income taxpayer to the Boy Scouts' Association, His Excellency Viscount Willington made an earnest plea for financial support to the association at a largely attended luncheon here. His Excellency said he spoke as Chief Scout for Canada and "chief beggar on behalf of the Ottawa Association."

U.S. Miners May Strike

Washington.—While there remains the possibility that the soft coal miners and operators of the country will reach an agreement at a later conference, the break up of the Miami meeting is looked upon here as practically assuring a strike April 1.

Petition for Resources

Ottawa.—A petition bearing 3,500 names asking for the return to Alberta of its natural resources "without restriction" was tabled in the House of Commons by H. C. Hocken, Conservative, Toronto West Centre.

Premier on Vacation

Atlantic City, N.J.—Premier W. L. M. King, of the Dominion of Canada, has arrived here for a brief vacation. Mr. King refused to see newspapermen on his arrival, declaring he wished to rest.

California has an automobile for every 23 persons.

BRITAIN SENDS STRONG NOTE TO RUSSIAN SOVIETS

London.—The rising tide of British feeling against Communist propaganda and the unsatisfactory relations between the British Government and the Russian Soviets have culminated in a stern warning forwarded by Sir Austen Chamberlain to the Soviet Government against the "continuous breach of solemn engagements" between the two Governments and also the wide-spread Bolshevik propaganda.

The warning was in the form of a diplomatic note, declaring in the gravest terms that the Anglo-Russian trade agreement would be abrogated, even diplomatic relations completely severed, unless "the flagrant violations of the solemn agreement between the two countries cease."

The note, addressed to M. Rosenzweig, Soviet representative in London, is the strongest of the numerous protests sent to Russia since the trade agreement was signed in March, 1921, and is one of the most outspoken diplomatic documents ever issued from Downing Street.

The first heavy clouds on the Anglo-Russian horizon came in 1924 with the famous Zinovieff letter which was one of the main causes of the downfall of the MacDonald Labor Government.

Moscow gold—a million sterling of it—contributed to aid the British workers to strike last year, which the London Government considered a revolutionary movement, further darkened the skies as have recent events in China, where the British are convinced Bolshevik agents caused the Chinese to single out the British as their arch-enemies among the hated foreigners.

Grain Shipped Cheapest Route

Western Growers Have no Preference as to Ports

Halifax.—M. Snow, member of the Dominion Grain Commission, and one of a delegation of Western grain men who inspected the elevator facilities at this port, states that no great movement of grain through Halifax can be anticipated pending additional terminal equipment.

Mr. Snow contended western grain growers and shippers had no preference as to ports. They were primarily interested in economy and Halifax, Saint John and Portland looked all the same to them.

Grain would follow the cheapest route and by way of illustration he pointed out that United States grain was shipped through the port of Montreal when that port offered the lowest rates available.

Cut Cattle Rates

Ottawa.—Word has been received here that the Reford Line and the Canadian Government Merchant Marine have cut the Atlantic rate on cattle from \$20 to \$15 per head. No information has yet been received as to a similar cut by other lines.

Young Journalists Will Attend Meeting

One Thousand Expected at New York's International Gathering

New York.—More than 1,000 boy and girl editors ranging in age from 12 to 18 years and representing school publications in 43 states, Canada, Alaska, Hawaii and the canal zone are expected to attend the third annual convention of the Columbia Scholastic Press Association here March 11 and 12. The student journalists have submitted their publications in a competition for 13 silver loving cups and certificates of honor.

Papers written and edited by kindergarten children will be entered in a feature contest. Foreign language papers, prepared by American students and trade journals will also be entered in the contest. The publications to be represented at the convention run into hundreds and are of many different types.

Found Guilty of Arson

Six Kiev Firemen Including Chief Will be Executed

Kiev, Ukraine.—Severe sentences have been passed on ten firemen found guilty of arson. Six of them, including the chief, will be shot, two were sentenced to ten years' solitary confinement and the other two must serve five years in prison. The chief pleaded that the men set the fires fearing they would lose their positions because of a long period of inactivity.

The members of the fire brigade were arrested several days after they had been commended for heroism and skill in fighting fires in the Trade Union Club of Kiev, and the headquarters of a navigation company. It was charged by the police that they deliberately set the buildings ablaze for excitement.

Russian Refugees Fighting in China

Vanguard of Chang's Army Suffer Many Casualties

Shanghai.—Six thousand "white" Russians, vanguard of Chang Chung Chang's army, defeated forces of Wu Pei Fu in Honan province in a battle in which the Chang forces alone suffered 3,000 casualties.

The Russians, believed to be refugees who fled to China to escape the Bolsheviks in their own country, are fighting with Chang's army in its attempt to force its way through the territory of the inactive Wu so it can attack the Cantonese forces in the south.

Addressed Large Audience

New York.—The voice of President Coolidge in eulogy on George Washington was carried by radio to countless millions throughout the world—the largest audience ever addressed by man. Mr. Coolidge's voice was broadcast throughout the country by a hook up of 42 stations and re-broadcast in Europe, London, Paris and Berlin listened in and reports were that reception was unusually clear.

Practise High C's on the High Seas

Sydney H. Nicholson, organist of Westminster Abbey, conducting a rehearsal on board the Canadian Pacific steamship Montrose with the boys of the Westminster Abbey choir, now touring the Dominion in a series of song recitals. With the boys is seen Dr. A. V. Baillie, Dean of Windsor, who is accompanying the choir in its Dominion-wide trip.

ANGLO-AMERICAN AMITY STRESSED BY HON. MASSEY

New York.—"To strengthen the bonds of sympathy between His Majesty's oldest Dominion and the Government and people of your great Republic."

Thus Hon. Vincent Massey summed up his mission to the United States in a speech before the Pilgrims' Society here. It was his first public address in the United States since he assumed office as Canada's minister to Washington.

Mr. Massey paid tribute to the friendliness of Washington extended by President Coolidge, the members of his cabinet and the citizens of the capital generally. He assured his hearers that Hon. W. S. Phillips, newly appointed minister from the United States to Canada, would find a genuine welcome awaiting him in Ottawa. He went on to speak of the "noble contributions which the Pilgrims' Society has made to the cause of strengthening the friendship which exists, and must ever exist, between the people of the United States and of the British Empire."

"Canadians," he added, "are on the same high pilgrimage of international amity and goodwill. We feel that we know you who live just across our border and can understand in some measure and appreciate the intricate and fascinating pattern which modern American life presents. On the other hand, we have, too, a first hand knowledge of and an abiding affection for the great mother nation whose impress has been placed upon our institutions and our modern life."

"Inheritors of a common language and a common basis for art and literature, the United States and British peoples probably always will be found shoulder to shoulder in any crisis which threatens society," Mr. Massey said.

"National characteristics," he added, "are not an obstacle to international amity. They give color to life in a world where standardization has become a peril. Unity in diversity is a key to Anglo-American relations."

Time Limit for Tourists

Automobiles Entering Canada From South May Now Stay for Sixty Days

Ottawa.—Permits for automobiles driven by tourists entering Canada have been extended from thirty to sixty days, according to an announcement by Hon. W. D. Euler, minister of customs and excise.

In the past, American tourists entering Canada have been permitted to drive their cars in this country for thirty days without payment of fees. This period has now been extended to sixty days with the option of an extension to ninety days under certain restrictions.

It is understood that tourists wishing to remain the full limit of time will be required to present identification and credentials from authorized motor clubs or similar organizations. For some years past provincial governments, Canadian automobile clubs and organizations interested in the tourist traffic generally have been seeking to have the thirty-day restriction widened.

Australia's Wheat Crop Larger

London.—Sir Joseph Cook, High Commissioner of Australia, informed the annual meeting of the Australasian Chamber of Commerce that Australia is expecting a much larger wheat crop than last year. He estimated the present crop at 165,000,000 bushels, of which 120,000,000 would be available for export.

Celebrate Red Army Anniversary

Moscow.—The ninth anniversary of establishment of the Red army was observed throughout Russia, Feb. 23. The newspapers carry articles by leading Soviet authorities who emphasized the preparedness of the army to meet all eventualities.

Advertise for Carillon

Ottawa.—The Civil Service Commission is advertising for a carillon, for the new carillon bells which are to be installed in Victory Tower of the Parliament Buildings. The salary is to be \$2,800 a year.

Church Announcements EVANGELICAL NOTES.

Lenten Calendar
Lenten Season, Mar. 2—April-17
March 2—Ash Wednesday.
April 10—Palm Sunday.
April 15—Good Friday.
April 17—Easter Sunday.

The fourth and last quarterly conference meeting of this Conference year will be held next Wednesday evening, March 9th. Rev. L. H. Wagner, P.E. will be here to conduct the business.

The pastor's sermon next Sunday morning will have to do with the Lenten Subject. Two subjects, "The valley of Death" and "The Land of Babel" will be combined in the evening sermon.

KNOX AND WESTCOTT UNITED CHURCH.

For the first Sunday in March, the minister is taking for his theme, "The restlessness of life to-day." People of all sorts are finding life very difficult and one need not spend much time in trying to show that people are feeling restless to-day to an unusual degree. No longer can one say "Be good and you'll be happy." Goodness must be accompanied with the essential elements of life. The minister believes that something has gone wrong with the world,—very far wrong,—and that the wrong that is in it can only be overcome by a great deal of heroic effort and a great deal of suffering. What are the things that we poor human beings need if we are to escape restlessness and find our true life? Under the headings: 1. The need of a job; 2. The need of a mate; 3. The need of God; this subject will be taken up.

The subject chosen for Sunday March 13th is "The game of Curling as applied to life." All lovers of this pastime are invited to be present.

LUTHERAN CHURCH.

Westcott—10.30 A.M., German
Didsbury—2.30 P.M., German

As in previous years due observance will be given the Lenten season. In a series entitled "Momentous hours in the Passion of Christ," the bitter suffering and death of the Saviour will be entered upon. Beginning with the coming Sunday, six special Lenten services are to be held, three in the German and three in the English language. The first of the series, "The Agony in the Garden" will be the subject on Sunday morning.

The Ladies' Aid of the congregation will meet at the home of Mrs. H. Dageforde on Wednesday afternoon, March 9th, at 2 p.m.

DEATH OF DANIEL HECTOR ROBINSON

Sad indeed was the news that reached Vermillion on Thursday morning last, that Hector Robinson, a young man only 25 years of age, had passed away in the Calgary General hospital just two hours before his mother, Mrs. E. Corson, and brother Bullar who hurried to Calgary as soon as they heard of his illness, could reach him. Hector was well known in the district. For some time he was working on the railroad here and a few years ago he moved south.

The body was shipped from Calgary to Mr. Waring and the funeral was held from the United Church on Monday afternoon, where a large number of friends congregated. The Rev. M. S. Kerr took the service and preached a very fitting sermon, taking the subject from the life of Elijah. A

beautiful array of flowers surrounded the casket including a large cushion from the C.N.R. employees; a wreath, Didsbury baseball club, and the floral offerings from Mr. & Mrs. Ashead, Rae and Bob Brown, Mrs. Butler, Mr. and Mrs. Jas. Hay, Ladies' Auxiliary, C.N.R.C.C. and L.O.B.A. No. 270, Vermillion. Interment was made in the Vermillion cemetery. Mr. J. Waring conducting the funeral. It is fitting that we appreciate the action of the town council in sending out the snow plough to clear the way to the cemetery so that cars could be used, which on such a cold day added much to the comfort of the mourners.

—Vermillion Standard

Daniel Hector Robinson was employed in Didsbury at Ashead's Garage, he was a popular member of the local baseball team, and was highly esteemed by all.

The classic dog sled derby of the East is drawing near. On February 21, 22 and 23 some of the most famous huskie teams in America will battle for supreme honors at Quebec city in the Eastern International Dog Sled Derby. The total distance of the race is 120 miles. Cruelty to the dogs during this hard grind is eliminated owing to the fact that the rules require that any dog unable to finish the race must be carried on the dog sled to the finishing post. The first prize is \$1,000 cash. A grand masquerade ball at the Chateau Frontenac, the general headquarters of the winter sports season, will be the finale of the Dog Derby.

The VERDICT is in our favor.

Those who have tried our meats can give evidence to support our claim to having the best meats obtainable. We shall be glad for you also to
